Liberalized Naturalization Rules For Armed Service Members Received Here
Rules governing naturalization of persons who have served or are serving in the armed forces of the United States have been received by Elmer E. Smith, Marion county clerk of courts.
The clerk's office also has forms available for naturalization under the new ruling. Persons interested should bring proof of their having served in the armed forces, Mr. Smith said.
The naturalization section for veterans provides certain exemptions from the usual requirements for naturalization. Among them are the following: 1. No declaration of intention is required. 2. The petition may be filed in any court having jurisdiction. 3. The petitioner will not be required to speak the English language, nor will it be necessary for him to sign the petition in his own handwriting. 4. The petitioner need only prove he was lawfully admitted to the United States, but not necessarily for permanent residence, and if he served overseas and entered the United States prior to Sept. 1, 1914, he need not prove his lawful admission to the United States. 5. No fee is charged for filing the petition or the issuance of the certificate of naturalization.
Any petition for naturalization filed by a member or former member of the armed forces after Dec. 31, 1916 will not be entitled to the benefits and exemptions available under the present section. Any alien who begins service in the U. S. army on or after Dec. 26, 1945 will not be eligible for naturalization under the section.

THE LADY FROM GEORGIA

Congresswoman Sets New Pattern for Old South.

HELEN DOUGLAS MANKIN with the family pet dog, Rose.

By HENRY LESSENE
Associated Press Writer

—The part of the old South that is being brought to Congress is a woman who came up from the South at a sacrifice of her own charm or beauty. She is a distinguished-looking woman, Helen Douglas Mankin, a Georgia congresswoman, who represents the Fifth Congressional District of Georgia. She has been in Congress for two years, and her office is in the same suite as that of her husband, who is a prominent engineer and a prominent office building contractor. She is a woman of many talents, and she is a woman who is not afraid to speak her mind.

Endocrine helps the face and throat to be more youthful looking

Would you like to look younger than your age? Well, for most women, ENDOCRINE can accomplish this beautifying task to a degree hitherto thought impossible. Eight years of use has proved ENDOCRINE helps to improve the skin, not just its superficial appearance. It is the one face cream that contains ACTIVOL. This ACTIVOL is a definite replacement for woman's own skin-vitalizing substance. Absorbed by the skin, it helps to restore normal tone to cells and tissue. This aids the skin to regain its firmness, freshness, smoothness and radiant charm. Introduced as the first scientific face cream 8 years ago, ENDOCRINE is today assisting thousands to regain youthfulness of face and throat. Isn't this the biggest value for cosmetic dollar can buy? If you agree, try ENDOCRINE. Many get marked results in only 30 days.

Ohio Boy Hands Out Grandma's "Play" Money

By The Associated Press

COLUMBUS, O., March 28.—Six-year-old Jerry Lyle is only in 1-A at Southwood Avenue school, but today he had a good education in the monetary system.

He has learned, for example, that those pieces of paper marked "50 dollars" and "100 dollars" which he lately passed among classmates yesterday were not play money.

Jerry had more than \$200 in his pockets when an associate teacher began investigating the children who were waving \$50 and \$100 bills.

Jerry had found \$2.70 in a cigar box in a bedroom closet of his grandmother, Mrs. John S. Fairchild, who said the money was to be used for buying a dry cleaning business.

She retrieved all except a \$50 bill.

Mackenzie Happy To See Big Three Showdown Is Near

By DEWITT MACKENZIE
AP Correspondent

ABOARD A TRANS-ATLANTIC AIRLINER, March 28—The editor of a Paris newspaper I bought before boarding this plane for New York is splashing headlines which I placed before some hermit not familiar with recent events likely would compel him to believe that the relations among the major powers have gone to the dogs.

There is Russia's initial setback in the U.N.O. security council over the Iranian question after a battle royal.

It Gen. Bedell Smith en route to Moscow to take up his duties as American ambassador said in Germany he is going to tell Prime Minister Stalin that Dewitt Mackenzie is the people of the United States want reassurance of the Soviet Union's motives. Just to show that this cuts both ways the "Yocco" radio the other day said Russia wanted reassurance.

about the motives of the Western Allies.

Finally my front page reports that over Russia in opposition the United States has won UNRRA approval of a mandate to prevent occupying armies from living off the land of other items but they are all up to the same thing. The big three nations finally have arrived at the time when a showdown on numerous vital questions is being called for.

That's the best news I've encountered since starting my European tour in November for the uncertainties growing out of the unsettled differences between Russia, Britain and America have had a really disturbing influence.

MIDWAY RESTAURANT SALE ANNOUNCED

Nick Paulson To Transfer Ownership to C. H. Priole.

Negotiations for the sale of the Midway restaurant at 127 East Center street to Cleland interests were practically complete today.

Transfer of ownership from Nick Paulson of 127 East Center street to Charles H. Priole is expected to be made late today or tomorrow. Mr. Priole will operate the business under the name of Midway Restaurant Co. beginning April 1. Articles of incorporation were issued by the secretary of state this week.

The new owner, a native of Ohio, recently resigned from the S. S. Kresge company with which he has been associated since his graduation from Ohio State university 22 years ago. He has managed stores for the company in Evansville, Ind., St. Louis, Mo., and Akron and Cleveland, Ohio.

Mr. Paulson said he intended to take a long vacation and has no definite business plans for the future.

HERSHEY CALLS FOR DRAFT EXTENSION

By The Associated Press

WASHINGTON, March 28 — Selective Service Director Lewis B. Hershey told congress today the draft law must be extended if the Army is to get the 600,000 men it needs in the next 12 months.

Major General Hershey estimated that the Army required about 50,000 men monthly but could obtain only one-fifth of that number through enlistments if the Selective Service law were permitted to lapse on May 15.

He was the first witness as the senate military affairs committee began two weeks of public hearings.

As Hershey began reading a prepared statement calling attention to mobilization of 14,000,000 men during the war and peacetime commitments at home and abroad, Chairman Elbert Thomas (D-Utah) interrupted.

"Let's forget the commitments abroad and get right down to the question involved," Thomas said curtly.

Thomas who has opposed extension of the draft said he believed voluntary enlistments would provide all the men the armed forces needed under present plans.

"We've broken all records for voluntary enlistments," Thomas said.

Hershey asserted the reason was that thousands of young men volunteered only because they thus avoided being drafted.

In addition to the 50,000 needed monthly by the Army, General Hershey said the Navy must recruit 27,000 men each month until Sept. 1 if it is to reach the proposed minimum peacetime strength of 500,000.

From where I sit... by Joe Marsh

Ben Ryder and the Wanderlust

During the war, Ben Ryder talked about the trips he'd take when gasoline rationing was ended. Used to go over roadmaps—checking mileages and charting routes.

Now Ben's taking quite a lot of ribbing. Soon as rationing was lifted, he decided he liked staying home, putting in the garden, playing chess, sharing a pleasant glass of beer with friends.

"Shucks," admits Ben sheepishly, "as soon as you see go, then it's just as good as having gone."

You might as well stay home, enjoy your friends and family. From where I sit, that's a very common trait in human nature. Take that glass of beer for instance. During Prohibition, Ben was nursing an insatiable thirst. But come repeal, Ben suddenly finds he's happy with a friendly, moderate glass of beer—and nothing more. Yep—just tell folks the sky's the limit, and they'll settle for a piece of friendly earth.

REV. DON McALPINE

It Was President Who Needed Protectorate

By The Associated Press
TANGIER—A sultan of Morocco
who wanted the United States
to establish a protectorate over his
dominions once tendered the
President the gift of a man-eating
lion.

This Arabian Nights tale is
buried in archives of the Ameri-
can diplomatic agent and consul
general in Tangier in a series of
messages dating from January,
1945.

"It is a big lion and apparently
very fierce," says the first frantic
note to the State Department. "It
came in a cage and with an expert
keeper to look after it."

"Please send immediate instruc-
tions."

The department wrote back
that the President "cannot find
any use for the lion in Washing-
ton." But the agent, knowing the
sultan would feel insulted if his
gift was not accepted, arranged to
ship the beast just the same.

Weeks later, the records show,
the lion sailed for America with
its keeper and an interpreter for
him—each on the State Depart-
ment payroll at \$30 a month.
There's nothing here to indi-
cate whether the lion ate the in-
terpreter en route, but the sultan
didn't get his protectorate.

Rev. Don McAlpine of Harris-
burg, Pa., a former Navy man,
will speak at the Marion Youth
for Christ meeting Saturday night
at 8 in the Masonic hall. Dr. C.
E. Hershey, director, announced.
After his conversion several
years ago while serving in the
U. S. Navy, Rev. McAlpine
preached in many missions and
jails. He was transferred to the
Naval Supply depot at Mechanics-
burg, Pa., and while there, started
the Harrisburg Youth for Christ.
A native of California, he at-
tended college there. He also at-
tended the Philadelphia School of
the Bible in Pennsylvania. This
service will be a "message from
youth to youth," Dr. Hershey said.
A quintet of girls from San-
dusky, O., will present special
musical numbers. Miss Nancy Hill,
also of Sandusky, will present
several violin selections. Miss Hill
has been playing at several of
the Ohio Youth for Christ meet-
ings.
The broadcast period of the
Youth for Christ will be 8:30 to

over WMRN. Dr. Hershey and
Rev. Marvin Lewis, assistant di-
rector, will conduct the services.
Youth of Marion and surrounding
vicinities are especially invited to
this Youth for Christ service.

It's Neither Boat Nor Auto—That's Plane

By The Associated Press
BELLINGHAM, Wash.—Donald
A. Bell, airport manager, wants
"horse and buggy days" regula-
tions—which make an airplane a
steamship if it crosses the border
to Canada and change it into an
automobile if it stays there two
days—corrected so that the plane
will be recognized as a vehicle
which flies through the air.

"Airplanes leaving here for
Canada have to clear under the
customs rules for seagoing ves-
sels," he said. "Then if the pilot
wants to remain a day or so his
plane switches identity, becoming
an automobile, and he must get
a motorist's touring permit."

He is hoping an international
commission, meeting in Ottawa,
will alter all this.

Greek National Election Is Greek to Hal Boyle

By HAL BOYLE
AP Newsfeatures Writer
SALONIKA, March 23—The office chair of Dr. Hagnan Wells in the American consulate building here is peculiarly well situated in a symbolic sort of way. For centuries men have spoken of "Olympian detachment" and that is a quality which Dr. Wells and the men under him are trying to observe in one of the most interesting experiments of world political history. The chubby Hoosier educator—at 43 he has been president of the Indiana university for 10 years and is slowly outgrowing his title of "boy wonder" in higher learning circles—is a member of the American mission to observe the Greek election.

He is one of five American district chiefs and along with

British and French colleagues of equal rank is supervising the taking of election data in a 400-mile zone in northern Greece stretching from Albania to the Turkish border. Under them are 33 of the 240 Allied teams, who are canvassing Greece and observing its preparations to elect a national government Sunday. Each team consists of three men—one American, British or French officer, one driver and one interpreter. The observers travel by jeep or mule and one team had to walk 20 miles to reach one isolated snow-bound mountain community. They talk to voters and candi-

Sheriff's Deputies Seize Slot Machine

Sheriff's deputies last night picked up a slot machine in an establishment outside the city limits.

The machine was the first one found in the county for several months, Sheriff Roy Reiter said. He pointed out that for the last three months the county has been practically free from slot machines.

The sheriff said he had received no letter from Gov. Frank J. Lausche requesting that his department conduct a campaign against gambling in the county. Gov. Lausche disclosed yesterday he had sent such letters to some counties in the state, but he did not mention which ones.

SPECIAL TO THE STAR
DELAWARE March 28 — Ohio Wesleyan university helped solve its student housing problem by opening a trailer city which, in turn, solved a real problem for the veteran who wanted to go to college but had a family to house. Vetville soon became a thriving little community of 50 families and its a real home too for these veterans, their wives and kiddies.

In the upper left photo Mrs. James Tursh and nine-month-old Dickie, youngest baby in Vetville, enjoy a bit of sunshine in front of one of the ten recreation and social centers while husband Jim, of Yonkers, Ohio, is in class. The attractive family group in the upper right photo are Mr. and Mrs. Charles Mentzer and son Chuckie. Struthers, O., in their trailer living room. The Mentzers have an expandable type trailer roomy enough to house a family quite comfortably. The lower picture shows Mr. and Mrs. Chester Williams. Mr. Williams, off to school, Chester, who not very long ago was in the Solomons and New Georgia on a PT boat crew, was the first veteran to move into Vetville.

LIQUOR BOARD GIVES RULING ON MINORS
By The Associated Press
COLUMBUS, O., March 23 — The state liquor board yesterday abandoned an unworkable regulation requiring retail permit holders to keep minors from remaining "in or about" their places unless accompanied by an adult member of the family.
The regulation, one of the first adopted in 1934 when the department of liquor control was set up,

was replaced by a prohibition against anyone under 21 being employed for or permitted by any permit holder to participate in the handling, sale or delivery of malt liquor, wine or spirituous liquors.
Persons under 18 further are prohibited from handling, selling or delivering beer. The original regulation specified only holders of D-3 permits for whisky by the glass and the board proposed several weeks ago to broaden this to include all permit holders.
Mrs. Maude McQuate, board chairman, said Charles Schuur, assistant attorney general assigned to the department, had advised that the broad attempt to keep children under 16 from being about places selling liquor was unenforceable.
She added, however, that no court test had ever been made.

Nylon Distributing State Candidate Coming To Marion

Albert Edward Payne, Springfield, industrialist and candidate for Republican nomination for governor in the May 7 primaries, will speak in Marion from the courthouse steps Saturday at 3:30 p. m., according to an announcement received from him today.

Payne received considerable publicity recently as a result of his giving away nylon stockings in various parts of Ohio. His original intention was to drop the stockings from airplanes but the plan was stopped by authorities. He compromised by throwing them into crowds at political rallies. He has also received publicity in what he terms an attempt to prove that people are honest. To do this he "lost" a number of pocketbooks containing small sums of money. He has reported that about one-third of the pocketbooks have been returned.

Payne was an unsuccessful candidate for governor in the primaries of 1944.

RUSSIA WALKS OUT, BUT THE GLOBAL PLAY GOES ON. Soviet Ambassador Andrei A. Gromyko, shown at far left, made good his threat to walk out on the UNO Security Council should the group call Iranian Ambassador Hussein Ala to air his charges against Russia on the council floor. The remaining 10 delegates at the international meeting in the Bronx, N. Y., plunge into uncharted parliamentary seas as they ignore a charter provision which calls for the attendance of all 11 members at deliberations. (International Soundphotos.)

IRAN TROUBLE SPOT. U. S. and British diplomatic officials in Iran said they are not convinced Soviet troops will withdraw completely from semi-

autonomous Iranian province of Azerbaijan (shaded border). Question of Red troops in Iran is on United Nations Security Council agenda. Meanwhile Kurdish guerrillas continued attacks on garrisons at Sardasht and Baneh in Kurdistan and Saqqiz in Azerbaijan.

GIVE!

A club where a fellow can sit quietly and read... or practice the newest Stateside dance steps without paying a nightclub cover charge... It's a great place for the lonesome and homesick occupation soldier to go. It will cost the Red Cross \$4,140,000 this year to continue its overseas club maintenance. Your donation to the 1945 Red Cross fund campaign will help the Red Cross help the serviceman.

BEFORE THE "WALKOUT." While Andrei Gromyko, Russian delegate to the UNO, was asserting that the Iranian question had no place on the agenda of the Security Council, being held at Hunter College, N. Y., Hussein Ala, the Iranian ambassador to the U. S., is snatched by an alert policeman. He didn't seem worried. (International)

Music Educators Pick Four Patriotic Songs

By The Associated Press
CLEVELAND, March 28—These four patriotic songs are essential, says a special committee of the Music Educators National Conference: "Star Spangled Banner," "America," "America, the Beautiful," "Battle Hymn of the Republic." These were declared "desirable" "Air Corps Song," "Field Artillery Song," "Dixie," "Mariner's Hymn," "Over There," "When Johnny Comes Marching Home," and "Yankee Doodle." The committee was headed by Peter W. Dykema, professor emeritus of music education at Columbia university, who said: "The four essential songs serve the American purpose of inspiring devotion to country and also serve the interests of the United Nations."

Piles Are Never "Mild"

DANGER IN NEGLECT
No one should ever think of piles (hemorrhoids) as a "mild" disorder. Although they may seem a "mild" ailment, especially when not giving pain or inconvenience, piles are in fact tumor formation without tendency to heal themselves. Instead, they are likely, if neglected to keep increasing in size, involving more and more of the rectal area. Even a so-called "mild" case may be expected to undermine one's health, by irritating, predisposing to or aggravating other ailments, such as indigestion, biliousness, stomach trouble, constipation, headaches, pain in back and down the legs, secondary anemia with its run-down tired feeling, and general nervous irritability. Removal of piles is the only permanent relief—written guarantee. My method produces little or no discomfort, does not require the use of knife or drugs, and seldom in the position required to lose any time from work or other duties. Why not call and learn of this method? The examination is free.

SORRY—

Right when more people than ever are asking for **NEW GOOD LUCK**—the margarine with the fresh country flavor—there's a shortage of the choice vegetable oils used in making it.

WE hate to see even a single one of Good Luck's good friends disappointed, but it is somewhat comforting to know that Good Luck has so many friends that grocers just can't seem to keep it in stock.

The only suggestion we can make—and it's the usual one—is to keep asking for **NEW GOOD LUCK** if your grocer happens to be out of it when you ask the first time.

He's getting regular shipments of this delicious margarine that makes good foods taste better—but those shipments aren't as big as we wish they could be. And **NEW GOOD LUCK** is one of the fastest selling brands your grocer carries.

UNO Not Likely To Settle In Uno, Va., Postmaster Believes

By The Associated Press
UNO, Va., March 28—The inhabitants of Uno somehow just don't figure the United Nations headquarters will come here despite the recent advent of some "newspaper fellows" who talked about it as a good site for the location.

Matter of fact, there's not as much similarity between Uno and the first letter in each of the three words "United Nations Organization" as meets the eye. This community's name is pronounced "you know."

Horace C. Weaver, the postmaster, said the place came by its unique name about 50 years ago when a congressman in the community of Kingdom wanted to establish a new post office so he could get his mail on Sundays. "They wanted a name for it, and since everybody said 'you know where and you know why' here, we are 10 miles from Madison, 10 miles from Orange and 10 miles from Gordonsville. "Seems like we're 10 miles from most everywhere."

Silence in Courtroom!

The Judge Likes Music

By The Associated Press

NEW YORK—Magistrate J. Roland Sala delivered an opinion that, piano playing, both Bach and boogie-woogie, is music, not noise. The principals in the case accepted the decision without indicating appeal to the supreme court.

Timothy Collins was charged with disorderly conduct by William L. McMahon, McMahon accused Collins of annoying him by telephone calls and then with a policeman in an attempt to silence McMahon's piano.

In the best Solomon tradition, the magistrate ruled that if McMahon withdrew his complaint he could play his piano six nights a week until 11 p. m. on Saturdays until midnight, and twice each month all night long.

War Hath No Fury Like a Shirt Sale

By The Associated Press
NEWARK, N. J.—Facing Japanese gunfire in the Philippines is one thing, but Sgt. Bruce Marucci of 272 Ivy Court, Orange, drew the line when it came to buying a shirt at a sale.

Marucci took one look at the screaming, shouting crowd of women trying to buy white shirts advertised at \$2.15 each, returned home and sent his aunt to get the goods.

Owl with Four-Block Hoot-Spread Killed

By The Associated Press

TRENTON, N. J.—An owl was shot in the heart of New Jersey capital. An owl that had made the steeple of Prospect St.

Presbyterian church its home in recent weeks has been killed. Harold A. Peterson, sportsman, shot the bird. It had a spread of four feet and—of importance to local residents—hoot-spread of four blocks.

West Point was founded in 1794.

1,300 Hear Annual Spring Concert by Harding Orchestra

By FRANCES HAAS

The Harding High school orchestra and its director, Homer Hufman, and the guest violinist, George L. Hardesty, shared in the applause of the large audience which practically filled the Palace theater Wednesday night for the orchestra's annual spring concert. Under the capable direction of their leader, the orchestra gave a performance which merited the generous applause and provided an entertaining evening of music for the approximately 1,300 persons attending.

Displaying precision in his violin numbers, Mr. Hardesty won the praise of those attending and his light and quick touch to the strings made his selections more enjoyable. Mr. Hardesty's accom-

panied by Gertrude Kuehls, also was appreciated for her fine playing.

Mr. Hardesty, who is violinist for the Columbus Philharmonic orchestra and professor of violin and ensemble at Ohio State University, presented as his first selection a soft and slow movement by Beethoven, "The Polka" from "Schubert's" by Weinberger. As his second selection, Mr. Hardesty concluded his program with the Andante and Finale from the "Concerto in E Minor" by Mendelssohn. The last selection was particularly well liked by the music lovers in the audience.

A colorful setting on the stage of the theater was provided by the girls of the orchestra, which is composed of 35 pieces, in various colored spring formal and the boys in tuxedo. The numbers by the orchestra consisted of semi-popular selections, marches, selections from operas, waltzes and overtures.

The singing and playing of the orchestra opened the program of the evening. The first selection of the orchestra was "Mazurka" by Chopin, an overture by Beethoven. This was followed by the "Minuet" from the "F Major Concerto" by Handel and the "Andante" from the "Surprise Symphony" by Haydn. The latter number is just what the title indicates. It began with the strings playing very softly and then breaks into a loud chord by the entire orchestra.

"Les Adieux" by Sarasate was then played and the "March Militaire" by Schubert ended the first group of numbers by the orchestra. As a special selection, the orchestra played a 15-minute number, "Chanson Populaire" by Albeniz, which in English means a popular song.

Following the selections by Mr. Hardesty, two numbers on the Marimba were given by LeVada Ellison. The first was a medley by Carrie Jacobs Bond. Included in this medley was "I Love You Truly" and "End of a Perfect Day." As an encore number, Miss Ellison played "Symphony."

Selections from "Carmen" by Bizet, the last part of the program by the orchestra was opened with selections from the opera "Carmen" by Bizet. This was followed by "The First Smile" by Lige. The orchestra then played selections from the stage play, "Snow Ball" with music written by Jerome Kern. The song which opened the group of selections was "Cotton Blossom" which was the name of the boat in the show. Other numbers were the ever popular "Old Man River," "Why Do I Love You," "Milk and Honey," and "Copland's Andie." This show has recently been revived and is now playing a run in New York City. The music from this show will always be popular among the people of the country.

"I'll See You Again" by Coward and a march, "Our National Honor," by Brooks, completed the program.

Nearly 600 boys and girls from the fourth, fifth and sixth grades of the various schools in the city accompanied by several teachers, attended a program given by the orchestra and Mr. Hardesty in the afternoon.

The Band and Orchestra Parents' association, headed by Dallas Harruff as president, sponsored the concert, and also the one presented earlier in the year by the junior band. Donald Sloan is treasurer of the association and chairman of the ways and means committee which conducted the sale of tickets to John Lacey.

Programs on the Air

The new rule against recordings on the network is being set aside temporarily for another special occasion—a program honoring Franklin D. Roosevelt on April 13, the day after the first anniversary of his death. It will replace the regular Our Foreign Policy series for that date. The broadcast will consist primarily of recorded excerpts from the outstanding speeches of his administration, starting with the 1934 inaugural address and including the declaration of war message to congress.

The broadcast is one of several planned in connection with the anniversary. Among them is the April 12 ceremonies of the presentation of the Roosevelt Hyde Park estate to the government, now arranged to be heard both in the afternoon and at night.

The direct transmission at 2:30 with Mrs. F. D. Roosevelt, President Truman and others participating, will go via NBC, CBS and ABC. The night relay at 8:30 by CBS will be made by transcription.

Topics tonight: NBC—7:30 Bob Burns, 8:30 Dinah Shore show, 9:30 Frank Morgan with Bing Crosby, 10:30 Abbott and Costello, 10:30 Rudy Vallee. CBS—8:30 Brian Donlevy in "Out of Control," 9:30 FBI lobby, 10:30 Island Venture drama, 11:30 Danne O'Neill theater, ABC—8:30 Lum and Abner, 9:30 Town Meeting, "Atomic Energy," 10:30 Detect and Collect.

U. S. May Seize Idle Canneries

Officials Say Seizure of Struck Canneries and Farm Equipment Plants Probable.

By The Associated Press

WASHINGTON, March 22.—Labor department officials said today government seizure of strike-bound farm equipment plants and idle California canneries was increasingly probable.

They have an important bearing on the national food supply.

The California canneries process about a third of the country's canned fruits and vegetables. And farmers badly need new machinery to meet record crop production goals set by the government in an effort to avert starvation abroad.

Labor department officials said both situations would be placed before Secretary of Labor Schweikert either today or tomorrow.

Schweikert and Secretary of Agriculture Clinton P. Anderson invited the presidents of three leading farm equipment concerns to a meeting here today. The companies are involved in a contract dispute with the CIO Farm Equipment Workers union, which has left 42,500 persons idle.

The cabinet officers' telegrams to Fowler McCormick of International Harvester Co. at Chicago, L. R. Clausen of J. I. Case Co. at Racine, Wis., and Walter Geist of Allis-Chalmers Co. at West Allis, Wis., said strikes at 17 plants of the three companies had brought on a "grave emergency."

Anderson's and Schweikert's joint appeal was followed almost immediately by the collapse of federal conciliation efforts in the International Harvester case. George Hodge, the company's labor relations manager, walked out of a two-day old meeting, saying further talks were fruitless.

That dispute had been brought here in an effort to settle other issues remaining after both sides had agreed to a federal fact-finding board's recommendation for an 18 cent an hour wage increase.

Woman's Prerogative To Change Her Mind

By The Associated Press

NEW YORK—Muriel Day, a police sergeant, today announced she would change her mind and marry a man she had just met.

She went to a police station before breakfast and told the desk sergeant that during a spot with her boy friend, she had thrown a \$100 string of mixed sulfadiazine.

People stricken with the dreadful disease of love are retrieved the necklace from a match box two hours later. "I just didn't sleep well last night," Muriel explained.

FOES ASK DOOM OF UNAMERICAN GROUP

By The Associated Press

WASHINGTON, March 22.—Congressional foes of the committee on un-American activities repudiated today to ask the house to repudiate the group.

Leaders of the move told newsmen they would make their effort when the committee seeks house approval of its action in citing 16 persons for contempt.

The committee voted yesterday to press the contempt proceedings today against Edward K. Barsky, chairman of the Joint Anti-Fascist Refugee committee of New York, and 15 members of its executive board. The action grew out of the organization's refusal to supply records which had been subpoenaed by the committee.

Critics of the house group contend the citation is the outgrowth of an abuse of subpoena power. They also assert that the committee is exceeding its authority in other ways particularly in trying to run down a reported atomic spy ring.

Comics Aid Pupils To Learn History

By International News Service

PITTSBURGH—Comic book styles are being adopted by schools to aid young pupils in learning history and science, according to Dr. W. W. D. Sonos, professor of education at the University of Pittsburgh.

Educational material in picture form is nothing new, however, asserts Dr. Sonos, who is advisor to Educational Comics.

Commenting on the founder of modern education, published in 1634 the first text book in picture form called "Orbis Pictoris"—the world in pictures. Its object was to teach Latin by showing the Latin word accompanied by a drawing.

Books prepared in comic book style can be excellent aids to learning, Dr. Sonos declared, saying:

"It is our aim to advance education in whatever way we can and if comic books can help do this we are not above using them. For a child who can be instructed by the letters on a page, all well and good. However, this is impossible for some children. These children have to be taught by some other medium."

Marion Golden Gloves Champ Wins Way to National Tournament

Delaware Boy Grabs State Title in 135-Pound Class

Charles Moore Defeats Two Foes; Carey's Strahm and Delaware's Byles Lose in Columbus Finals.

By JIM DABBY

Charles Moore, colored lightweight from Delaware, carried Marion's standard into a state championship last night when he repeated his final night feat of the local tournament by beating two fighters in the Columbus state tournament. He will be the state lightweight representative at the national AAU tournament in Boston April 8 and 9.

His best fight of the evening was against Lester Spurlock of Columbus whom he failed to knock out but greatly outpointed. In the championship bout he coasted to an easy decision over William Thomas of Cincinnati. His manager, John Wilson of the Delaware Community Athletic Club, thought Moore failed to show his best but perhaps he was prejudiced by the first night performance when he KO'd his opponent in 24 seconds.

Carey Youth Loses

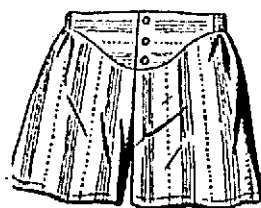

Lawrence Strahm of Carey drew a bye in the first round and was knocked out by Wallace Smith of Cincinnati in the 118-pound championship match. Strahm was felled with nine seconds of the third round yet remaining. He won runner-up award.

Donald Byles of Delaware, Marion district representative in the flyweight division lost a decision to Rex Stroth of Springfield. Most fans and Stroth himself thought Byles had won when the final bell sounded. Stroth came over to congratulate Byles but the judges decided that Byles won a close decision the previous night, this bout should go to Stroth. The winner went on to lose the championship fight when he was knocked out in the second round by Robert Holliday of Cincinnati.

Other Results

John Tucker of Columbus won the light-heavyweight crown when he knocked out John Vinger of Cincinnati in the second round.

Three of the other titles were awarded on decisions. Warren Tucker, 146, of Columbus won over Elkie Cumberlander, 147, of Columbus. Hob Landis, 150, of

April 10 was the date picked for the softball banquet at a meeting last night of the city softball commission presided over by T. H. McKinney. Managers and team captains of all teams competing in last year's league races will be guests of honor.

Pennants will be presented to Universal Cooler, winner of the industrial league, St. Mary, winner of the church league and Schlafert Transfer, winner of the commercial league and the city playoff.

Anyone wishing to attend the banquet may do so by sending reservations to Kenneth Somerset at the Y.M.C.A.

Plans for reorganizing the softball commission were discussed and Robert Smith was appointed head of the committee to purchase equipment. Preparing the grounds was assigned to Edward Cheney.

Truman's Horseshoe Court Plans Bring Cheers of Politicos

WASHINGTON, March 28.—Congressmen today hailed President Truman's decision to build a horseshoe court on the south grounds of the White House.

Party lines were ignored. Republicans joined Democrats in calling the plan "a move in the right direction."

The whole thing came up after Mr. Truman told Rep. George Bender (R-Ohio) he hankered for a little exercise and so planned a horseshoe court.

Rep. Clarence Brown (R-Ohio), who measures 6 feet, 2 inches tall and not a great deal less around, declared:

"It's a move in the right direction. I might even play myself. Of course, the President will have to agree to pick up the shoes for me. With my middle, I'll need a caddy."

Truman Trains For Horseshoe Pitching

WASHINGTON, March 28.—President Truman has been spring training for the horseshoe pitching season by taking early morning walks around the streets of Washington.

Yesterday, for example, he strolled Pennsylvania avenue and adjoining streets for 15 minutes before returning to the White House for breakfast. He was accompanied by two secret service men.

White House visitors told reporters yesterday that the President is looking forward to pitching horseshoes on the south grounds soon. Press Secretary Charles G. Ross said today the chief executive expects to stick to the "Missouri bangor" style of heaving the hoves, rather than trying anything fancy.

Futile Phillies Pack Big Punch This Season

By CHIP ROYAL

AP Newsfeatures Sports Editor

MIAMI BEACH, Fla.—When fellows like Vince DiMaggio, Jim Northey, Frank McCormick, Ron Taber and Jim Waddell get all excited about spring training, there must be something in the air.

As a matter of fact, it would be tough for any baseball fan to visit Flamingo Park and see the Philadelphia Phillies in action without wondering what is going to happen to the perennial cellar club this year.

Not only have the above five got "washingtonitis" so bad it sticks out all over, but so have Manager Ben Chapman, General Manager Herb Pennock and President Bob Carpenter.

PHILADELPHIA PHILLIES

Batting—Good

Heaven help the writer who meets all three of the Quakers' brains at the same time. They can give more good reasons for the future success of the Phils than 300 other guys.

Spirit Is Contagious

Then, there are Coaches Benny Bengough and Cy Perkins, not to mention a host of scouts here too, who are imbued with the spirit which has been foreign to the Philadelphia National Leaguers for so long a time.

They all add up to the same words: "The Phils are through being doormats for the rest of the league. There's the greatest battle on for positions that the club

has ever known. No man is sure of his job.

Taber, Northey, McCormick and DiMaggio will form a "murderers' row" which will cause sleepless nights for many a pitcher before the season is over.

"The Phillies will have one of the best infield combinations ever to represent the club."

"Tommy Hughes, Charley Schanz, Oscar Judd, John Hummel, Hugh Mulcahy, Alvin Juchacz, Ken Raffensberger, Cee Covington and Andy Karl will be a tough-to-beat pitching staff."

Carpenter and Pennock are so sure that they are going to build a pennant winner in a few years that they are already planning for their own park—and the greatest attendance the club has ever had.

These are just a few of all the confident statements flying over this lively camp. The Phils probably won't even get in the first division this season, but they will give all contenders a terrific battle.

As Manager Chapman puts it: "A fighter who can keep punching when the going is tough can't be licked. We'll outlast every club in the league and keep pounding them until we know them down below our size."

Richwood played Incoor Hotel to a 21 all standstill in the first half and fell by the wayside only in the last minutes of the nip and tuck second quarter. McAllister of the losers led scoring with 25 points.

Dykes Adds Hollywood Touch To Sox Training

Jimmy Dykes goes Hollywood and meets Charlie McCarthy. Jimmy thinks there's more good wood in Charlie's right hand than in some of those Chicago White Sox bats.

By BILL DECKER
AP Newsfeatures Writer.
PASADENA, Calif. — Never a day goes by in the Chicago White Sox training camp, probably the most colorful of spring gatherings in baseball, without the presence of Jimmy Dykes, the great man who has surrounded himself with a mixed assortment of Hollywood characters. Early practice sessions saw a bartender hitting fungoes, a prominent screen writer and a real director alternating in the first base coaching box.

It looked like the first day of shooting on "Elmer the Great." Carrying out the movie impression was outfielder Thurman Tucker, a dead ringer for Joe E. Brown.

However, the Dykes method, despite its touches of madness, gets results. It's all a pre-arranged act to get the boys laughing and relaxed before the time comes to bear down.

Dykes' lieutenants, Edmund (Bing) Miller and George (Mule) Haas, work hard on the fundamentals while the unorthodox

manager masterminds from behind his cigar. This combination has landed the Sox in the first division six times in the past dozen years when their material hasn't always been the best. Dykes probably will discard his

squads games, he dons a square-top cap that was fashionable in the day of the Delephantys—and that's before you and I were young, Maggie.

The great man has surrounded himself with a mixed assortment of Hollywood characters. Early practice sessions saw a bartender hitting fungoes, a prominent screen writer and a real director alternating in the first base coaching box.

Quarter-finals Set for Friday Night at Chicago.

By The Associated Press
CHICAGO, March 28.—Six mid-western teams and two eastern contenders will compete in the quarter-finals of the world's professional basketball tournament at the Chicago stadium Friday night.

In first round competition concluded before a crowd of 9,500 last night, the New York Rens, Oshkosh, Wis., All-Stars, and Baltimore, Md., Bullets emerged winners as the 14-team field was whittled down to eight quintets last night.

NEW YORK, March 28.—After watching the Oklahoma Aggies take their second straight national collegiate A.A. basketball title, you find it hard to write about anything or anyone but Bob Kurland. You remember Bob when he first played in New York four years ago—a lanky, awkward, seven-footer who galloped around the court with his shoulders bowed in an obvious effort to minimize his great height. He was only 17 then, lacking in coordination and skill and painfully

embarrassed because of the publicity given his size. You remember him the next year as a "goal-tender," heavier, stronger, straighter, planting himself under his team's basket and leaping up to bat away the other team's shots. You remember him in last year's playoff game against the Paul when he was guarded by six-foot, nine-inch George Mikan, a polished player. You remember how Bob faked and feinted until Mikan fouled out of the game after only twelve minutes and how Kurland went on to direct and lead his team to victory.

Middletown Manager Appointed by Reds
By The Associated Press
MIDDLETOWN, O., March 28.—The Cincinnati Reds have named Mike Blazo of Bound Brook, N. J., manager of their Middletown farm club in the Ohio State league. J. R. Baker, president of the local club, announced today.

Blazo, who is 29, served for time as catcher for Minneapolis in the American association. He has been in professional ball since 1935.

DAYTONA BEACH, Fla., March 28.—Hal Gregg, Brooklyn pitching ace, had twirled 11 consecutive shutout innings before the Yanks scored a run off him in the third inning yesterday.

One of a Kind
Before Tuesday's game, Orle Cowles, Dartmouth coach, observed that he doesn't think the extra-tall boys will dominate basketball as much in the future as they did during the war. The coaches, he said, won't devote as much time to developing over-size athletes as they did when those boys were among the few safe from the draft.

15 SECONDS, 4 BASKETS

SEATTLE.—Speed gets 'em. In a recent Puget Sound league basketball game in which Highline High school beat Kent, by one point, Jim Hogan, Highline guard, scored eight points in 15 seconds. Here's how: He caged the first goal, then stole the opposition's pass-in three straight times under the basket and flipped the ball through the twine each time.

Gomez Learns Managing Has Its Headaches

By ALLAN STEWART
Associated Press Writer
CARACAS, Venezuela.—Vernon (Lefty) Gomez, the former Yankee pitcher, has just penned a letter to his one-time manager, Joe McCarthy, taking back everything bad he ever said about his managing.

"You see," wrote Lefty, "I am a manager myself now, and I know that anything you did that I thought was dumb when I was playing with the Yanks, must have been perfectly okay."

Even Louisa Wolchit
The former slim southpaw has lost 11 pounds since he came to Caracas in February to manage the Cerveteria Caracas team in the Venezuelan professional championship. This reduction to an even 200 pounds, Lefty claims, is

LEFTY GOMEZ Even Frowns Like a Manager

due to a conscientious diet, but an observer watching him perspire on the first base coaching line while his team mistakes bunt signals is inclined to believe most of the 11 pounds melted away from worry.

Gomez took over the local club, made up entirely of Venezuelans,

and shook it out of a losing streak to top four games in a row and grab a secure hold on second place. Two of these victories were at the expense of the league leading Vargas team which has four Negro National League players on the roster, including Roy Welmaker, a good southpaw.

Gomez inaugurated week-day practice, which is not the custom here, and he has been devoting his efforts to teaching the players fundamentals like bunting.

Venezuelan baseball always has been under the influence of Cuban and Puerto Rican players, and the bunt is not exactly popular.

Anxious To Learn
But the Venezuelans are anxious to learn, and Lefty's teaching has improved their playing, as well as their English. Lefty needs an interpreter to give instructions. The players, however, get an idea quickly, and they occasionally startle Gomez by interrupting their stream of Spanish to say "snappy workout, eh, Lefty?"

The former Yankee star is the first ex-major leaguer to come to Venezuela to teach baseball, and he probably can stay here as long as he wishes.

Gomez is high on his whole team, but his favorite is a four-foot-six substitute outfielder named "Tirahuequitos" Machado, who Lefty claims has as good a throwing arm as Joe DiMaggio.
